HITACHI

Five channels, one orchestrated campaign

LinkedIn

Precision-targeted ads, video teasers and Lead Gen Forms that capture intent-rich leads in-platform.

Content syndication

Gated assets across trusted B2B networks, with qualification questions before download.

YouTube Ads

Skippable in-stream video that drives qualified traffic and enables retargeting on viewing behavior.

Google Search

Intent-first ads that meet buyers actively searching for solutions like yours.

Email nurture

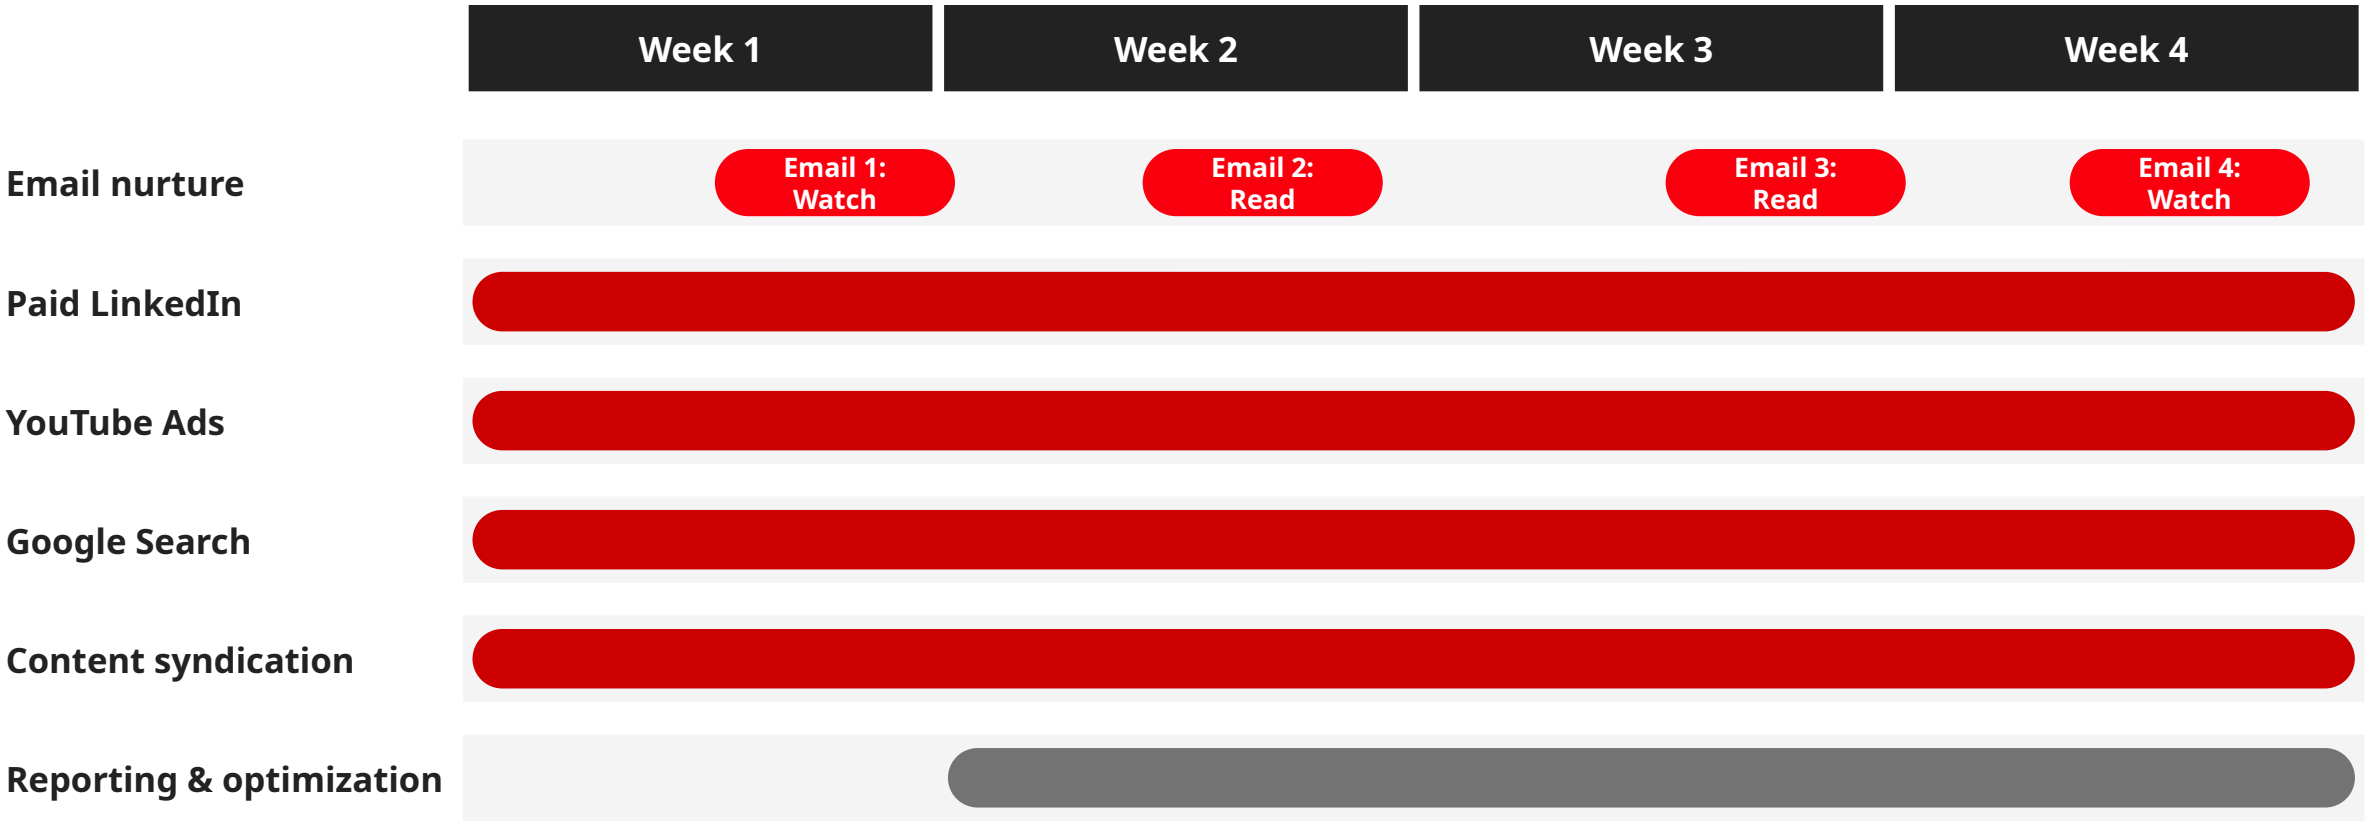

A pre-built sequence that guides every engaged lead toward a sales conversation.

Anyone who clicks but doesn’t convert is automatically retargeted with a fresh asset.
